Your fishing buddy for the next 8 hours is the same guy

who fixed your torn ACL last spring.

He also brought the sandwiches. Because he knows how far you've come, and he's proud. Of his work and your recovery. It's just what we're about at WMCHealth. And as a Hudson Valley resident, you'll have peace of mind knowing that world-class care is just around the corner.

Healthcare that's nationally recognized from people who, more often than not, recognize you.

WMCHealth
Westchester Medical Center Health Network

HEALTHCARE WITHOUT BOUNDARIES
