

ORENCIA® MADE ME AN
RA ACTIVIST

#RAactivist

I had it with my RA medicine putting me in my place. Telling me where I can go, what I can do, and how I have to feel. **That's over.**

Now Orenzia has made me an RA Activist, and I've taken charge of my treatment, actively talking to my doctor and developing a plan we both can live with.

ORENCIA is a different kind of medicine that lets me live life on my terms.

If you're not happy with the way RA is treating you, tell your doctor, visit orencia.com, or call 1.800.ORENCIA.
